KINESIOLOGY PRACTICUM DESCRIPTION

Practicum Position Title: Adapted Physical Activity Assistant

Agency/Company: University of Calgary, Active Living; APAK, KACS

Location: University of Calgary, Faculty of Kinesiology

Terms Available: Fall or Winter

Number of Positions: 1

Specified Schedule: Must be available Fridays from 4:45 – 7:45pm and Saturdays from 1:30 – 3:00pm

Project Duties/Responsibilities:

The Adapted Physical Activity for Kids (APAK) program offers children 4-14 years old with special needs the opportunity to gain independence and health benefits in an encouraging and understanding environment. Each child will work one-on-one with a volunteer, and will be offered a variety of activities to take part in. The 75-minute program is designed to introduce fundamental movement skills as well as develop existing skills in a fun environment.

The Kids Adapted Climbing Series (KACS) program is designed to introduce children with special needs to the challenges and rewards of indoor climbing. Each child will work one-on-one with a volunteer and participate in 45 minutes of climbing within a one hour block.

The practicum student will be asked to keep an academic reflection journal throughout the semester to document their experiences as the Adapted Physical Activity Assistant. The journal entries should be approximately 300 words long for each APAK and KACS session, and is reviewed at the mid-point evaluation. At the end of the term, the practicum student will prepare a presentation that summarizes the current best practices in the field (using qualitative research methods) and their personal experiences as the Adapted Physical Activity Assistant (using data from their journal entries). The presentation should be 10-15 minutes long and the student must submit their journal and their presentation notes at the conclusion.

The student will also have specific responsibilities for both the APAK and KACS program, which are outlined below:

**APAK**

Under strict supervision, the practicum student will:

- Assist in the preparation of scheduled activities relating to the weekly theme. Themes may be related to any sport, such as basketball, and therefore activity preparation may include finding/creating a game that teaches basketball skills like dribbling, or one that uses modified basketball rules. The practicum student will help the instructor to set up the activities for the class, help to sign children in as they arrive to the program, and provide extra assistance to volunteers who may an extra hand.
- Assist in the instruction of the APAK program:
  - The program runs two times per week, 75 minutes per session.
  - The practicum student’s primary role will be to support the volunteers. This will involve working directly with children with physical and/or cognitive disabilities (2.5 hours per week of instruction).
- Communicating with the parents before and/ or after the APAK session.
• Planning and teaching games to the children (either on-on-one or in a group), with consideration of their unique needs and learning abilities.
• Step in if a volunteer is ill or if there are not enough volunteers to be paired on-on-one with the children.
• Assist with the facilitation of a training program for APAK volunteers by conducting a short literature review on one disability which will examine the effects of exercise and recreation for this cohort:
  o The training program occurs one week prior to the beginning of the APAK sessions, therefore the short literature review will be one of the practicum student’s first roles.
  o The student will select the type of disability that they would like to review. The topic for review must be approved by the supervisor.

**KACS**

**Under strict supervision**, the practicum student will:
• Assist with the execution of a successful climbing experience for the participants and volunteers.
• Help the instructor to set up for the class, help to sign children in as they arrive to the program, and provide assistance to volunteers who may an extra hand. The practicum student will also be required to communicate with the parents before and/or after the KACS session.
• Assist in the instruction of the KACS program:
  o The program runs once per week, one hour per session.
  o The practicum student’s primary role will be to act as a Team Lead Volunteer by supporting the volunteers and providing extra help where needed. This will involve working directly with children with physical and/or cognitive disabilities (1 hour per week of instruction).
  o Work with climbing staff to help identify the need for specialized equipment such as a chest harness or adaptive chair.
  o Receive training on how to belay children and, if comfortable, will step in if another volunteer is absent.
  o Communicate with the parents before and/or after the KACS session

The following is a breakdown of allocation of a practicum student’s time throughout the term:

<table>
<thead>
<tr>
<th>Activity</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Journal/ Academic reflection</td>
<td>15%</td>
</tr>
<tr>
<td>Presentation</td>
<td>10%</td>
</tr>
<tr>
<td>Participation in the KACS program</td>
<td>25%</td>
</tr>
<tr>
<td>Participation in the APAK program</td>
<td>50%</td>
</tr>
</tbody>
</table>

**Required Student Qualifications:**
• Completion of or registration in KNES 367 (Adapted Physical Activity)
• Police Information Check with Vulnerability Sector

** Assets:**
• Experience working with people with disabilities is preferred
• Experience with top rope climbing is an asset

**On-Site Supervisor:** Heather Leitner, hmleitne@ucalgary.ca
Kinesiology Practicum Application

Placement: University of Calgary, Active Living; APAK, KACS

Students must have 60 units completed to qualify for a practicum, including 30 units of KNES
Students may participate in up to three practicums, with no more than two at the same location

INSTRUCTIONS

1. Contact the on-site supervisor to arrange an interview.
2. Bring a copy of this application with the completed student portion to your interview to be completed by the On-Site Supervisor.
3. Submit application and required documentation (if applicable) to knespracticum@ucalgary.ca; our office will email your @ucalgary address within 5 business days with next steps for you and your On-Site Supervisor.
